Environmental Statement

Environmental Policy Statement

Protex Fasteners Ltd recognises the potential health and environmental impacts of its operations and services and the need to manage and reduce these where practicably possible. We will respond positively to these concerns and it is our Company policy to ensure that any adverse effects on the environment are kept to a minimum.

Protex Fasteners Ltd is committed to design, develop and deliver quality products whilst minimising the potential harmful effects of such actions, including the prevention of pollution, whenever and wherever this is practicable.

We are committed to achieving environmental best practice throughout our business activities by:

Regularly monitoring and striving to reduce energy consumption, where reasonably possible

Continually examining our operations and processes to ensure best use of resources, minimise waste and maximise the use of suitable recycled materials.

Complying with all relevant legislation and striving to exceed requirements where this is practicably possible and appropriate.

Reviewing regularly all environmental aspects of the organisation and continually working towards objectives and targets to ensure continual improvement.

Seeking to integrate environmental considerations in future business policy decisions and also to encourage our suppliers in this policy.

Communicating this policy as appropriate to our customers and suppliers.

If any further Environmental information is required, please send all enquiries to:
